The “Serenity House - Alano Club of Charlevoix, Inc.” was organized in 1986 to provide a meeting place for 12 step meetings. The organization is a non-profit corporation governed by a Board of Directors elected from its membership.

Club membership is never required and should never be implied for participation in 12 step meetings held at the club.

We request each group to organize itself as suggested through their respective 12 step program to avoid any violation of their traditions.

The Alano Club is a group of people interested in helping those seeking relief from addiction related problems by providing a place for 12 step meetings to be held.

Tough Questions face 2005 Board

The next board of directors will need to make some tough decisions in 2005. The financial crisis of 2004 is over and cash assets at the end of November show \$17,460.83 with board approved financial guidelines of maintaining \$2,000 in checking to meet monthly expenses, hold \$10,000 in emergency reserve and raise money in advance for renovation projects.

Current building issues that need to be addressed include: electrical renovation, plumbing renovation, new patio deck, roof renovation and the fact that we still have a very old building.

The board was presented with a possible budget for 2005 of \$32,000 that could handle current activities provided income levels of 2004 are sustained and add a part-time position inside the Alano Club if they want to return to similar past operations. (1) Decisions will need to be made about staffing inside the club: continue with part-time volunteers or paying someone and whether or not this would involve employee or contractual status? (2) How will record-keeping and organizational paperwork needs be addressed? (3) Regarding building needs, what options are available? Renovate, demolish and rebuild, sell two story building and portion of property and retain back building and small piece of property, add second floor to the existing meeting building, or sell and relocate? (4) What are the costs of each option? (5) What are the current and future needs of the membership? (6) What are the current and future needs of the community?
