The "Serenity House - Alano Club of Charlevoix, Inc." was organized in 1986 to provide a meeting place for 12 step meetings. The organization is a non-profit corporation governed by a Board of Directors elected from its membership.

Club membership is never required and should never be implied for participation in 12 step meetings held at the club.

We request each group to organize itself as suggested through their respective 12 step program to avoid any violation of their traditions.

The Alano Club is a group of people interested in helping those seeking relief from addiction related problems by providing a place for 12 step meetings to be held.

Chronic Illness/Chronic Pain: Getting out of the problem and into the solution.

Chronic illness/pain is a serious health concern that many people confront. It can be disabling and there are few alternatives when seeking help. It is difficult for the individual who has chronic illness/pain and for those who live with us and do not know how to help. Sometimes what we perceive to be our most impossible situation is really disguised as our greatest opportunity. There are no magical potions to fix the problem but there is an easier way through support. A support group offers us a way to live life to it's fullest.
